THE IPAD BOOTH

GIFS/BOOMERANG

The smallest and most portable photobooth! Welcome to the digital age of modern day photobooths. Tilt and easily adjust height.

iPad and software is not included in the price, we will be happy to suggest the various software/apps available. Most apps are subscription based and vary in pricing.

Most apps have the ability to create animated branded GIFS, stills, surveys, some are cloud based software so that you can setup the event remotely. GIFs/Stills are shared socially making it attractive for many corporate clients. Most also have the ability to print.
